**Skills to be embedded throughout each unit:**

- VS.1 The student will demonstrate skills for historical thinking, geographical analysis, economic decision making, and responsible citizenship by
- analyzing and interpreting artifacts and primary and secondary sources to understand events in Virginia history;
  - analyzing the impact of geographic features on people, places, and events to support an understanding of events in Virginia history;
  - interpreting charts, graphs, and pictures to determine characteristics of people, places, or events in Virginia history;
  - recognizing points of view and historical perspectives;
  - comparing and contrasting ideas and cultural perspectives in Virginia history;
  - determining relationships with multiple causes or effects in Virginia history;
  - explaining connections across time and place;
  - using a decision-making model to identify costs and benefits of a specific choice made;
  - practicing good citizenship skills and respect for rules and laws while collaborating, compromising, and participating in classroom activities; and
  - investigating and researching to develop products orally and in writing.
